Capital Campus

Sacramento City Unified School District
Board of Education Meeting

March 18, 2021 Public Comments

Name: Leonard Finch

Comment: Dear SCUSD Board,
As a parent of two 8-year old twins that attend the Capitol Campus of the California Montessori Project, I have watched the school respond to the individual needs of my daughter and son that resulted from a difficulty making friends, building confidence for my son who has been identified as having a processing disorder, and this global pandemic and economic crisis. Since my daughter has a dedication to her art, the school developed a plan to create a "buddy bench" that our daughter was in charge of painting for that other students could use if they don't have anyone to play with at recess to

Name: Kimberly Foster

Comment: Dear SCUSD Board,

I am the parent of a child in SCUSD and I am writing to you today to express my concerns regarding the current state of our schools and the impact of the COVID-19 pandemic on our students and staff. I am particularly concerned about the lack of communication and transparency from the Board of Education regarding the district's financial situation and the impact of the pandemic on our students' learning and well-being. I am also concerned about the impact of the pandemic on our staff and the need for support and resources for them. I am writing to you today to express my concerns and to ask for your help in addressing these issues. I am also writing to you today to express my appreciation for the work that you and the Board of Education are doing to support our students and staff during this difficult time. I am confident that you will take the necessary steps to address these issues and to support our students and staff during this difficult time. Thank you for your time and attention. Sincerely, Kimberly Foster

Comment: Dear Sacramento City Unified School District,

I spent over 50 years in public and private education. I was fortunate to be a teacher, principal, associate superintendent and superintendent in the district just across the river (Washington Unified School District). I also had served as the Assistant Superintendent/Director of Special Education for the State of California.

Comment Dear SCUSD Board,

Our daughter attended CMP-Capitol Campus from 3rd-8th grades.

CMP was recommended to us and we were on the waiting list for a year before there was
space for her. Due to social anxiety and an undiagnosed learning disability, she had

Name Claire Brown

Comment: Dear Board Members,
My name is Claire Brown, and I'm in 6th grade at the California Montessori Project, Capitol Campus. I transferred here in 3rd grade after attending Phoebe Hurst. I liked my former school, but CMP has been a unique experience.

The teachers here are really nice. I like that I get to work on my jobs with materials and with my friends. My favorite material is the peg board. I used the peg board to solve a square root problems at the end of last school year. I like this work because it's fun and challenges me. My teacher tells me that I know when my brain is growing because it hurts a little. My brain definitely hurts when doing square root. I like when we do number talks too.

My greatest achievement at CMP was being elected as the 5th grade student representative. I helped to lead the school assemblies and met with Ms. Shannon to talk about the school. Before Covid-19, I had plans to start a breakfast club because I was hearing about my friends forgetting to eat breakfast.

I feel like CMP has helped me to become prepared for middle school. I have been able to watch my sister in middle school and eavesdrop on some of her lessons while doing distance learning. I can't wait to start next school year.

I'm also looking forward to going on field trips again. One of my favorites was going to Point Bonita last school year. We went on hikes and learned about science. The marine mammal center was my favorite.

All of the teachers and staff are really friendly and help me. I know I can get help with my work or anything else from anyone.

I recommend that the board approve our charter because our school rocks.

Comment: Dear SCUSD Board,

I work for Placer County Office of Education as a Program Manager, and a Positive Behavior Interventions and Supports (PBIS) regional trainer. I have been training and coaching the staff of California Montessori Project on PBIS since the year 2018.

CMP has a great investment and concern for their students and families. CMP is comprised of some of the most organized staff and systems, and they are motivated to see their students succeed. CMP really considers the whole child, not just looking at behavior, academic, and social-emotional skills. CMP is a great organization and I am proud to be a part of it.
