do, they reach out to their peers. Her second proposal is for a distance learning solution for brain breaks where students would be able to access a “Pass to Class” enrichment dance course and videos on-line. Member Murawski shared that the approximate cost for her first proposal is \$280,000 and the second is estimated at \$750,000.

President Ryan said she appreciates these proposals, and noted that is about 22% of the total budget available; there is about \$1.8 million dollars still unallocated beyond what was covered in the presentation. She would like to see supports around learning loss mitigation in regard to additional tutorials. She said she supports the peer-to-peer mental health proposal and suggested scheduling 2-by meetings with Board members to figure out as a board how best to influence those expenditures. President Ryan then asked what we are doing to figure out a way to employ a tech SWAT team to help teachers and families in real time. Superintendent Aguilar noted that this is a topic that Mr. Turkie touched on a little bit and that Deputy Superintendent Lisa Allen has also focused on, and that we have a vacancy in our Chief Information Officer role. He said we are close to bringing in a consultant to support us and make sure we are doing everything we can to provide real-time supports. He said that at this time we think we will benefit from bringing in additional supports through the consultant. Ms. Allen said she has been working closely with the Information Technology Department and noted that we also have additional vacancies in the department that we are in the process of filling. She spoke about what we do and cannot do with the staff we currently have. President Ryan said she appreciates the work Ms. Allen is doing, and understands that the District is understaffed in this department, but continued that this is a source of stress in the field for teachers and sites. She asked what we can do to potentially bring in supports that can work with our current employees, those that are not employees but short-term in nature. Ms. Allen noted that we must also work with our labor partners on this journey as well, which at times takes some time. Ms. Ryan asked for an update on this matter over the course of the next few days. Superintendent Aguilar said yes, we will do that, and also will provide greater detail to the Board on the actual supports for teachers regarding technology usage.

7.3 Approve Resolution No. 3168: Recognition of the Week of the School Administrator, October 11-17, 2020 (Cancy McArn) (Roll Call Vote)

Human Resources Department Directors Tiffany Smith-Simmons and Christina Villegas gave the presentation.

*10.4 President's Report (Jessie Ryan)*

*President Ryan recognized that huge gains have been made in the number of students applying for and accessing financial aid. She is encouraged by this upward trend and in graduation rates. She thanked Rich Vasquez for being a courageous and real parent voice. She appreciates that we are committed to bringing forward a fiscal recovery plan, but she reminded that structural changes to the budget must also be made and that the Board will be making hard choices that will eliminate programs in a fiscal recovery plan that does not put a pooled healthcare benefits saving*

*student issues, such as the on-line homework mentioned. There has also been an outpouring of appreciation for staff and teachers working their hardest in conditions that have been very tough. A month in, it is encouraging to see the numbers that the Superintendent shared in his report and also how we have managed to face our challenges. He is proud of our District for that. Finally students want to note that health concerns are still a huge concern. He reminded that the virus is still a huge concern and that social distancing needs to be practiced by students if we want to come back to in-person school.*

*Vice President Pritchett reminded that the time is 10:15 p.m. Student Member Sheikh moved that the Board meeting be extended to 11:00 p.m. Vice President Pritchett seconded the motion, and it was approved unanimously.*

#### **10.6 Information Sharing By Board Members**

#### **Information**

*Member Murawski shared that the Sacramento County has a new campaign called “Turn Sacramento Orange” which can be accessed on the County website. Sacramento started in the purple zone related to the pandemic and just got into the red zone. The goal is to make it to an even lower orange zone by the end of October. She reminded to wear a mask at all times when inside, observe social distancing at all times, and avoid indoor gatherings.*

*Member Garcia spoke about the naming of Phoebe Hearst Elementary School as a national Blue Ribbon School. She shared that the school was one of 33 schools in California and only one of two in Northern California to be recognized by this award. She thanked all the students, teachers, school site staff, the principal, and parents for ensuring that Phoebe Hearst continues to be a successful school and the students continue to meet the high academic rigor. She also shared, as DELAC liaison, that they were not able to meet a quorum to move forward with their meeting. She reached out to principals in her trustee area she thought would have the 21 English Language students that would meet the threshold to have a DELAC at their school site, but consistently she heard that 1) it is challenging for parents to become involved because of time constraints, and 2) the time of year may have been too early because they would not have elections just yet. They have all committed to reaching out to their parents to encourage them to be part of an ELAC and also be part of DELAC so that there is more participation and so their voices are heard at the District level. There was also some difficulties with translators and interpreters. There are some parent sessions in the next few days that she plans to attend for ELAC parents. She will join the campaign for “Turn Sacramento Orange” as well.*

*Member Woo said that he will join the “Turn Sacramento*

*Orange” campaign too. He also noted that between the 13<sup>th</sup> and 17<sup>th</sup> of October he is scheduled to be in Dallas for a Council of Great City Schools conference and so may not make the October 15<sup>th</sup> Board meeting.*
