to make sure we are ready to have a special board meeting to go through the plan and to have community forum so that the parents can ask questions. She also said that, although accessing the grant dollars does not require a negotiated agreement, the working conditions of the plan sort of creates what is subject to bargaining. Therefore, she proposed having an agreement by March 15. Superintendent Aguilar said that we need all the time to make sure we implement the plan as seamlessly as possible so that we are not in the same situation we were in in the Fall. He said he can interpret a March 15 target date as something that would have to come back to the Board for an update, but he remains hopeful that this is something that can be negotiated very quickly. Member

Member Garcia said she wants to make sure the "and making every effort to meet all of the above and beyond" is not a condition to reopening. Vice President Murawski clarified her motion as: reopen for phased in in-person instruction on or before April 8 making every effort to reopen earlier if possible, meeting CDC, CDPH, and Sacramento County Public Health guidelines and subject to state and local school reopening
